My name is Pola Waffo Phares Valentin, and I am an experienced educator specializing in Mathematics for secondary school students and providing general academic assistance in primary education. I am pursuing a bachelor degree in computer science and engineering ,presently in level 4 from Institut Universitaire de la Cote, and I have 4 years of experience in teaching and tutoring students across various educational levels.

In my tutoring role, I focus on creating an engaging and supportive learning environment where students can thrive. For secondary school students, I specialize in Science subjects mostly maths,physics,chemistry,additional and futher mathematics. My approach emphasizes problem-solving skills, critical thinking.

For primary school students, I provide general academic assistance across subjects, including helping with homework, improving reading and writing skills, and fostering a strong foundation in numeracy.

Throughout my career, I have successfully helped students improve their grades, build confidence in their abilities, and develop a love for learning. I am passionate about education and am committed to adapting my teaching methods to meet the individual needs of each student.

I am eager to bring my skills and experience to your institution and contribute to the academic success of your students.
